

# S900

## DESCRIPTION

15 gauge 5 finger woven glove manufactured with a cut resistant Japanese fibre Tsunooga. The glove is subjected then to a further treatment that reduces the Polyurethane by 3 microns which gives the S 900 more sensitivity and feeling than the average cut 5 glove

### Washing instructions:

Gloves can be conventionally washed at 40C but the gloves should be dried at room temperature.

## RECOMMENDATION

- Recommended for use in areas where handling very sharp components.
- When sensitivity and feeling is needed along with necessary protection.

## PRODUCT INFORMATION

<b>Material</b>	Coating: Polyurethane Liner: Tsunooga
<b>Colour</b>	Green
<b>Packaging</b>	10 pairs per bag, 100 pairs per case
<b>Sizes</b>	7-10
