

Kutlass® NF500G

Nitrile Foam Coated Glove

Product Datasheet

OUR REF: Kutlass® NF500G

PRODUCT DESCRIPTION

A specialised, advanced blend of yarns provide maximum cut protection whilst incorporating a lightweight, comfortable liner. Nitrile foam coating allows moisture and oil to be conducted away from the surface to vastly improve grip and handling. The seamless liner and **Sanitized®** hygiene function allow the wearer to have a fresh, comfortable and odour free experience throughout extended usage.

Technical Details

Tested in accordance with EN 388, EC type examination carried out by:

SATRA Quality Assurance Ltd, SATRA Technology Centre, Wyndham Way, Telford Way, Kettering, Northamptonshire, NN16 8SD, United Kingdom (Notified Body No. 0321)

The results are taken from the palm area of the gloves and the uncoated surface may have reduced performance levels.

► **The Sanitized® hygiene function** brings increased freshness, comfort and protection.

- **Sanitized®:** These gloves incorporate a Biocidal product. The Biocidal treatment protects against a broad spectrum of Bacteria and Fungi. The active Biocidal substance - Zinc Pyrithione - promotes freshness and inhibits odours.
- **Storage:** Gloves should be stored in a cool, dry environment in the original packaging and out of direct sunlight.
- **Maintenance:** Both new and old gloves should be thoroughly inspected before use to ensure no damage is present. Gloves should not be left in a contaminated condition if reuse is intended - if contaminated, gloves should be cleaned as far as possible
